

Ai Policy

Policy on the use of Gen AI in Caerleon Comprehensive School

Statement of intent

Artificial Intelligence (AI) technology is already widely used in commercial environments and is gaining greater use in education. We recognise that integrating gen AI tools into education presents many opportunities, including the potential to enhance educational experiences and support staff with some administrative tasks. However, their use must prioritise safety, responsibility, ethics, trust, data protection and inclusivity.

We also realise that there are risks involved in the use of gen AI systems, but that these can be mitigated through our existing policies and procedures, amending these as necessary to address risks.

We will educate staff and learners about safe and ethical use of gen AI, preparing them for a future in which AI technologies are likely to play an increasing role.

The safeguarding of staff and learners will, as always, be at the forefront of our policy and practice.

Related policies

This policy should be read in conjunction with other school policies:

- Data Protection Policy
- Staff Discipline policies and codes of conduct
- Behaviour policy
- Anti-bullying policy
- Online safety policy
- Acceptable Use Agreements
- Curriculum Policies
- Exam Policy

Policy Statements

- The school acknowledges the potential benefits of the use of gen AI in an educational context - including enhancing learning and teaching, improving administrative processes, managing workload and preparing staff and learners for a future in which AI technology will be an integral part. Staff are encouraged to use gen AI

based tools to support their work where appropriate, within the frameworks provided below and are required to be professionally responsible and accountable for this area of their work.

- We will comply with all relevant legislation and guidance, with reference to guidance contained in Keeping Learners Safe
- We will provide relevant training for staff *and governors* in the potential advantages, use of and potential risks of gen AI. We will support staff in identifying training and development needs to enable relevant opportunities.
- We will seek to embed learning about gen AI as appropriate in our curriculum offer, including supporting learners to understand how gen AI works, its potential benefits, risks, and ethical and social impacts. The school recognises the importance of equipping learners with the knowledge, skills and strategies to engage responsibly with gen AI tools.
- As set out in the staff acceptable use agreement, staff will be supported to engage with gen AI tools responsibly, ensuring the protection of both personal and sensitive data.
- Staff will always ensure gen AI tools used comply with UK GDPR and other data protection regulations, verifying with the Data Protection Officer (DPO) that tools comply with standards set by the Information Commissioner's Office (ICO) before using them for work related to the school.
- All staff will be required to carefully consider the use of any gen AI tool and involve senior leadership in decision-making around its use.
- Staff should always use school-provided accounts for work purposes. These accounts are configured to comply with organisational security and oversight requirements, reducing the risk of data breaches.
- We will protect sensitive information. Schools and practitioners will not input any personal data, learner data or other sensitive or confidential information into gen AI tools.
- The school will ensure that when gen AI is used, it will not infringe copyright or intellectual property conventions. Care will be taken to avoid intellectual property, including that of the learners, being used to train gen AI models without appropriate consent.
- Staff must report any incidents involving gen AI misuse, data breaches or inappropriate outputs immediately to the relevant internal teams.
- The school will keep a record of all tools in use, their purpose and potential risks. We are aware of the potential risk for discrimination and bias in the outputs from AI tools and have in place interventions and protocols to deal with any issues that may arise. When acquiring and implementing gen AI systems, we will follow due care and diligence to prioritise fairness and safety.
- *The school will support parents and carers in their understanding of the use of gen AI in the school*
- *Where staff use gen AI tools to support their learning and teaching practice, this will be purposeful, considered, with a clear focus on ensuring impact and understanding and mitigating risk.*
- *Staff will ensure that documents, emails, presentations, and other outputs influenced by AI include clear labels or notes indicating AI assistance.*
- *Staff will ensure that all AI-generated content is fact-checked and reviewed for accuracy before sharing or publishing.*
- Improper use of gen AI tools, including breaches of data protection standards, misuse of sensitive information, or failure to adhere to this agreement, will be subject to disciplinary action as defined in Staff Disciplinary Policy.

Responsibilities

Headteacher and Senior Leaders

Are responsible for the strategic planning of how gen AI will be used in the school, establishing AI policies and procedures and ensuring that all staff receive relevant training and have a clear understanding of these.

Designated Safeguarding Person (DSP) / Online Safety Lead

Our Designated Safeguarding Person / Online Safety Lead has responsibility for online safety in the school. They are expected to have knowledge of gen AI and its safeguarding implications and an in-depth working knowledge of key

Full Governors

June 2025

guidance. We ensure that they receive appropriate specialist training, commensurate with their role and that ongoing training is provided for all school staff.

Data Protection Officer (DPO)

The DPO will be responsible for providing advice and guidance about data protection obligations in relation to the use of gen AI, including related Data Protection Impact Assessments (DPIAs) which will be undertaken when considering use of any digital tools and services that may use personal data. Where personal data will or may inadvertently be used the school will ensure that data subjects rights are upheld. In these cases, privacy notices will be provided.

Technical Staff

Technical staff / IT Leads will be responsible for technical support and guidance, with particular regard to cyber-security and the effectiveness of filtering and monitoring systems. We will work closely with our Education Technology Support Partner, SRS, to ensure access to generative AI tools that we deem necessary for enhancing teaching, learning, and the production of high-quality work by both staff and students. SRS will be expected to align with the school's AI policy and support the secure, ethical, and effective integration of these technologies.

Staff

It is the responsibility of all staff to have read and understood this policy and associated Acceptable Use Agreements. All staff must report any incidents or suspected incidents concerning the use of gen AI in line with school policy. All staff will challenge any inappropriate behaviour. Staff have a duty to ensure that:

- the school environment is safe
- all personal, sensitive and confidential data / information is secure
- that their actions do not put the reputation of the school at risk and that
- learners understand their responsibilities

Governors

We ensure that our governing body has a good understanding of how gen AI is used in a school context and potential benefits and risks of its use. They receive regular training and updates, enabling them to support the school and challenge where necessary. This may include evaluation of the use of gen AI in the curriculum, administration and communications, ensuring that risks relating to these issues are identified, that reporting routes are available, and that risks are effectively mitigated. This would be overseen by the safeguarding Governor

Parents/carers

We work hard to engage parents and carers by:

- *regular in school sessions*
- *sharing newsletters*
- *sharing information online e.g., website, social media*
- *providing curriculum information*
- Parent forum evenings
- Our parents and carers are made aware of how gen AI is used in school and receive guidance on both good practice in its use and the risks of misuse that may affect their child's learning or safety. They are encouraged to report any concerns to the school and are made aware that all incidents will be handled with care and sensitivity.

Vulnerable groups

We recognise that vulnerable learners are more likely to be at risk from the misuse of gen AI (both in their own use or through the actions of others). We ensure that vulnerable learners are offered appropriate support to allow them to gain full benefit of the use of gen AI, while being aware of the potential risks.

Children are considered vulnerable data subjects and therefore any process involving their personal data is likely to be “high risk”. As set out above, a thorough Data Protection Impact Assessment is essential.

Reporting

- Our reporting systems are well promoted, easily understood and easily accessible for staff, learners and parents/carers to confidently report issues and concerns, knowing these will be treated seriously. All reports will be dealt with swiftly and sensitively and outcomes shared where appropriate. We also respond to anonymous reports, or reports made by third parties. This can be done via:
 - Safeguarding concerns Via Edukey
 - Data breaches to JH
 - Concerns of malpractice to EMW
 - Staff misuse to LEP or GLJ

Responding to an incident or disclosure

Our response is always based on sound safeguarding principles and follows school safeguarding and disciplinary processes. It is calm, considered and appropriate and puts the learner at the centre of all decisions made.

- All gen AI incidents (including data breaches and/or inappropriate outputs) must be reported promptly to the relevant internal teams. Effective reporting helps mitigate risks and facilitates a prompt response.
- Where relevant / required incidents will be reported to external agencies e.g., Police, local authority, DPO, ICO. Any breaches must be reported to ICO within 72hrs of school becoming aware a breach has occurred.
- All AI related incidents will be recorded through the school’s normal recording systems

In the case of misuse of gen AI by staff, the normal staff disciplinary processes will be followed. If the misuse involved personal data and was deliberate / negligent, could constitute a criminal offence under S170 of the Data Protection Act 2018.

Risk assessment

It is key that our approach to managing risk aligns with, and complements, our broader safeguarding approach.

The school understands that despite many positive benefits in the use of gen AI, there are some risks that will need to be identified and managed, including:

- Legal, commercial, security and ethical risks
- Data Protection
- Cyber Security
- Fraud
- Safeguarding and well-being
- Duty of care

Education and training

Our school's educational approach seeks to develop knowledge and understanding of emerging digital technologies, including gen AI.

This policy outlines our commitment to integrating gen AI effectively within our school environment. We will use gen AI responsibly, safely and purposefully to support with a variety of tasks such as:

- assisting with some routine administrative functions
- helping provide more personalised learning experiences
- supporting lesson planning, marking, feedback and reporting
- providing contexts to support development of critical thinking skills
- supporting school-level curriculum and assessment design

AI literacy, which includes being able to think critically, engage with evidence and information, verify sources and use creativity, will be fundamental. The [skills integral to the four purposes](#), which should be developed across all Areas of Learning and Experience in the Curriculum for Wales, are focused on building these dispositions. Our school's approach is to deliver this knowledge and understanding where it is appropriate and relevant in our curriculum.

Our approach is given the time it deserves and is authentic i.e., based on current issues nationally, locally and within our setting's risk profile. It is shaped and evaluated by learners and other members of the school community to ensure that it is dynamic, evolving and based on need. We do this by:

- *Engaging with learners*
- *Critical evaluation of emerging trends and research findings*
- *Seeking advice from technical experts and our Data Protection Officer.*
- *Surveys*
- *Focus groups*
- *Parental engagement*
- *Staff consultation*
- *Staff training*

As gen AI becomes an integral part of modern education, it is important that staff develop the knowledge and skills to integrate gen AI tools responsibly into teaching, learning, and administrative processes. By fostering AI literacy, staff can confidently prepare learners for a future where AI is a key driver of innovation and opportunity.

- We will support and ensure all staff can access training on the effective, responsible, lawful and ethical use of emerging technologies in education.
- We will integrate AI-related risks and safeguards into annual safeguarding training, aligning with statutory guidance, including 'Keeping Learners Safe'.
- We will support staff to identify, assess, and mitigate risks associated with gen AI technologies, including issues such as biased algorithms, privacy breaches, and harmful content.
- We will support staff to ensure compliance with UK GDPR and other relevant regulations while using gen AI systems.
- We will promote ethical practices in the use of gen AI, ensuring that these technologies contribute to equity, fairness, and inclusivity in education.
- We will empower staff to teach learners about the safe and ethical use of gen AI, cultivating a culture of awareness, resilience, and informed decision-making in the digital age.

Appendix 1a - Risk Assessment Matrix for Schools Implementing gen AI

Introduction

This risk assessment matrix has been developed to support Caerleon Comprehensive School in identifying, evaluating, and mitigating potential risks associated with the implementation of generative AI (gen AI) within our educational environment.

The matrix addresses a broad spectrum of risk areas, including data protection, ethical use, operational security, and compliance. It places particular emphasis on safeguarding and learner wellbeing, recognising the critical importance of protecting our students as digital technologies evolve.

This tool is designed to be dynamic and responsive. It will be reviewed regularly and adapted to reflect our school's unique risk profile, the changing digital landscape, and the specific needs of our community.

Risk Assessment Matrix

Risk Area	Risk Description	Likelihood (Low/Med/High)	Impact (Low/Med/High)	Risk Level (Low/Med/High)	Mitigation Measures
Gen AI training	Insufficient training or guidance impacting the ability of staff to adopt, use, and monitor gen AI safely and ethically within their school.	Med	Med	Low	Ensure all staff can access regular training to support the safe and ethical use of gen AI in teaching and learning.
Data Protection and Privacy Breaches	Complexity of the tech and contracts will make it hard for schools to fully understand what use the gen AI provider will make of data inputted (including inadvertent	Low	High	Med	Due diligence including advice from DPO before signing contract. Implement strong encryption, regular audits, and UK GDPR-compliant data management policies and

	<p>provision of personal data).</p> <p>Unauthorised access to sensitive data or personal information, leading to safeguarding concerns and commercial risk.</p>				conduct regular privacy audits.
Cyberbullying	Increased potential for bullying through AI-mediated communication tools.	High	High	High	Monitor gen AI communication tools, implement clear reporting mechanisms, and provide learner support.
Over-reliance on gen AI	Over-reliance on gen AI tools reducing interpersonal interactions among learners. Reduction in teacher autonomy and critical decision-making by overusing gen AI tools.	Low	Low	Low	Encourage collaborative learning activities and balance gen AI use with social engagement. Define clear boundaries for gen AI use and regularly review its impact on pedagogy.
Emotional Manipulation	Gen AI systems unintentionally affecting learner mental health through curated content.	Low	Med	Low	Monitor AI-generated content, involve mental health professionals, and promote media literacy.
Inappropriate Content or Conduct	Gen AI exposing learners to harmful or unsuitable materials / behaviour	Low	Med	Low	Conduct rigorous testing of gen AI tools, apply effective filtering and monitoring and ensure human oversight.
Mental Health Impacts	Overuse of gen AI tools causing stress, anxiety, or dependency in learners.	Low	Low	Low	Monitor usage patterns, provide mental health resources, and set expectations on use of gen AI systems.
Bias and Discrimination	Gen AI systems propagating biases that impact learner wellbeing or inclusion. Gen AI models producing	Low	Low	Low	Regularly audit gen AI algorithms for bias and provide inclusive media literacy education and training.

	discriminatory or biased outcomes.				
Misuse of AI	Learners using gen AI tools for harmful, unethical or illegal purposes (e.g. nudification).	High	Med	Med	Educate learners on responsible and appropriate gen AI use and establish clear usage policies.
Misinformation	Creation or spread of harmful or misleading AI-generated content.	Low	Low	Low	Educate staff and learners to verify gen AI outputs and establish clear policies for verifying content authenticity.
Digital Divide	Inequitable access to gen AI tools among learners from diverse demographic groups.	Med	Med	Med	Provide equitable access to gen AI resources and ensure alternative solutions are available.
AI Ethics Awareness	Lack of awareness among staff and learners about ethical implications of gen AI.	High	Low	Low	Provide training and education on gen AI ethics and its responsible usage. Establish an 'Ethics in AI' group.
Data Accuracy	Gen AI systems generating inaccurate or misleading recommendations.	Low	Med	Med	Regularly validate gen AI outputs and involve human oversight in decision-making.
Legal Compliance	Non-compliance with laws regarding gen AI usage and learner data.	Low	Low	Low	Understand legal requirements. Conduct legal reviews and consult experts on gen AI-related regulations.
Cyber-Security	Increased use of gen AI tools in cyberattacks targeting school systems and data.	Low	High	Med	Strengthen cybersecurity protocols and educate staff and learners on safe online practices.

Likelihood and Impact Definitions

- **Likelihood:** The likelihood that the identified risk will occur.

- Low: Unlikely to occur under normal circumstances.
- Medium: Possible occurrence based on past trends or vulnerabilities.
- High: Likely to occur without intervention.
- **Impact:** The severity of impact should the risk materialise.
 - Low: Minimal disruption with limited consequences.
 - Medium: Moderate disruption affecting key processes.
 - High: Significant disruption with severe consequences.

Appendix 2- Action Plan

1. Action Plan for Managing Gen AI Implementation at Caerleon Comprehensive School

2. Appoint a Designated AI Safeguarding Lead

- a. Nominate a senior staff member to act as the AI Safeguarding Lead.
- b. This role will liaise directly with the DPO and DSP to oversee safe AI use across all school operations.
- c. *Intended Impact:* Centralises accountability and ensures AI use is continually evaluated through a safeguarding lens.

3. Deliver Comprehensive Staff Training

- a. Implement mandatory training for all staff on:
 - i. Online safety in the context of AI
 - ii. Ethical AI use
 - iii. Bias and misinformation awareness
 - iv. GDPR compliance when using AI tools
- b. Provide refresher sessions annually.
- c. *Intended Impact:* Reduces training-based risk, increases confidence, and ensures responsible AI tool use.

4. Review and Integrate AI Literacy into the Curriculum

- a. Audit current subject areas to identify opportunities to integrate gen AI education (e.g. media studies, computer science, PSE).
- b. Embed AI ethics, misinformation analysis, and critical thinking into digital competency frameworks.
- c. *Intended Impact:* Prepares learners for real-world AI interaction and develops resilience against biased or harmful content.

5. Establish and Promote Clear Reporting Mechanisms

- a. Ensure all stakeholders know how to report:
 - i. Inappropriate gen AI content
 - ii. Privacy breaches
 - iii. Misuse by staff or learners
- b. Include anonymous options and digital reporting forms.
- c. *Intended Impact:* Encourages prompt and honest reporting to mitigate risks early.

6. Collaborate with SRS to Enable Safe AI Access

- a. Work with SRS to provide a controlled list of approved gen AI tools.
- b. Ensure filtering, monitoring, and DPIA processes are followed before deployment.
- c. *Intended Impact:* Balances innovation with operational security and data protection.

7. Support Parent and Carer Engagement

- a. Publish a “Gen AI in Our School” guide for parents and carers.
- b. Offer regular parent info sessions/webinars on:
 - i. AI tools in school
 - ii. Home use safety tips

- iii. Misinformation and digital wellbeing
- c. *Intended Impact*: Increases community understanding and safeguards learners in and out of school.
- 8. Monitor Vulnerable Groups and Digital Equity**
 - a. Identify learners at increased risk from AI misuse (e.g. ALN, EAL, RADY).
 - b. Ensure equitable access to AI tools via school devices and provide alternatives where needed.
 - c. *Intended Impact*: Prevents widening the digital divide or inadvertently excluding learners.
- 9. Maintain an AI Tool Registry and Conduct Risk Reviews**
 - a. Keep an up-to-date register of all gen AI tools used in school.
 - b. Conduct annual evaluations of each tool's:
 - i. Educational impact
 - ii. Safeguarding implications
 - iii. Bias and content risks
 - c. *Intended Impact*: Increases transparency and ensures tools remain suitable and safe.
- 10. Implement Oversight for AI-Generated Content**
 - a. Require staff and learners to label AI-influenced content.
 - b. Ensure all AI-assisted materials (presentations, reports, homework) are checked for factual accuracy and appropriateness.
 - c. *Intended Impact*: Builds accountability and reduces misinformation risks.
- 11. Audit AI Use Against Data Protection Standards**
 - a. Ensure DPIAs are completed for all gen AI applications involving learner data.
 - b. Routinely review compliance with UK GDPR and ICO recommendations.
 - c. *Intended Impact*: Protects personal data and prevents regulatory breaches.
- 12. Embed AI Risk Training in Safeguarding CPD**
 - a. Integrate gen AI-related risks into safeguarding INSETs and policy updates.
 - b. Include case studies of misuse scenarios and best practice responses.
 - c. *Intended Impact*: Strengthens staff vigilance and response capability.
- 13. Review, Reflect, and Adapt**
 - a. Schedule an annual review of:
 - i. The risk matrix
 - ii. This action plan
 - iii. Gen AI tool effectiveness and outcomes
 - b. Involve learners, staff, and governors in reflective evaluation.
 - c. *Intended Impact*: Keeps policy responsive, learner-centred, and up-to-date with technological trends.

Review and Update

The school will review and update this matrix annually or whenever new AI technologies or safeguarding challenges arise.

Appendix 3 - Staff (and Volunteer) Use of Generative AI (Gen AI) Acceptable Use Agreement Template

School Policy

Emerging technologies, including gen AI, are increasingly integrated into educational settings and the lives of staff and learners. These technologies have potential to enhance creativity, promote personalised learning, and improve operational efficiency. However, their use also presents risks that require clear policies and practices to ensure safety, security, ethical application and legal compliance.

This acceptable use policy aims to ensure:

- Staff and volunteers are responsible users of gen AI and emerging technologies, prioritising safety and ethical considerations.
- School systems and users are protected from misuse or harm resulting from the use of gen AI.
- Staff have a clear understanding of their responsibilities when engaging with gen AI and emerging technologies in professional and personal contexts.

Acceptable Use Policy Agreement

I understand that I must use gen AI and emerging technologies responsibly to minimise the risk to the safety, privacy, or security of the school community and its systems. I acknowledge the potential of these technologies for enhancing learning and will endeavour to integrate them in a way that aligns with the school's policy, ethos and values.

For my professional and personal safety:

- I understand that the school will monitor my use of gen AI tools and technologies.
- I will only use gen AI tools and technologies for purposes authorised by the school and will ensure compliance with data protection laws (e.g. UK GDPR) when handling personal data.
- I will ensure that any sensitive or personally identifiable information about staff, learners, or parents/carers is only entered into gen AI systems that have been through a DPIA process.
- I will report any gen AI-related incidents or anomalies that could indicate misuse, bias, or harm to the appropriate person immediately.

In my communications and actions:

- I will respect copyright, intellectual property, and ethical standards when uploading content to prompt gen AI outputs.
- I will critically evaluate the outputs of gen AI systems to avoid spreading misinformation or biased content and will ensure that all AI-assisted decisions are made with appropriate human oversight and in compliance with the UK GDPR.
- I will communicate professionally and responsibly when using gen AI systems.
- I will ensure transparency by ensuring attribution where gen AI has been used and providing a privacy notice if personal data has been used.

When engaging with learners:

- I will support learners on the safe, ethical, appropriate and effective use of gen AI.
- I will use gen AI tools to engage with learners in ways that uphold and enhance their privacy, wellbeing, and trust.

When using the school's systems and resources:

- I will use gen AI systems in compliance with established security measures and access protocols.
- I will ensure that any gen AI applications used in teaching or administration are vetted by the DPO and comply with the school's policies.
- I will ensure gen AI tools are not used to impersonate others or create deceptive or harmful content.

When handling data:

- I will ensure compliance with the school's data protection policies when using gen AI for any purpose.
- I will ensure there is lawful basis for uploading sensitive school-related information into gen AI systems, established as part of the DPIA process.

Responsibility and Accountability:

- I will use gen AI tools responsibly to create authentic and beneficial content, ensuring respect for individuals' identities and well-being.
- I understand that misuse of gen AI or emerging technologies could lead to disciplinary actions, including warnings, suspension, or referral to the appropriate authorities.
- I acknowledge that this agreement applies to all gen AI-related activities within and outside of school premises that are connected to my professional responsibilities.

Appendix 4- Gen AI Tools Request Form

Contact person: Mr Ian Powe

Position: IT Lead Technician

Date of request: 01/01/2025

Gen AI Tool/Resource Details

Name of AI tool/resource: **ChatGPT**

Purpose of use:

To support teaching, learning, and administrative efficiency through AI-assisted content creation, feedback generation, planning support, and learner engagement. ChatGPT will be used by staff to assist with resource development, provide exemplar materials, model exam responses, summarise complex information, and generate ideas for teaching and curriculum design.

Expected benefits:

- Enhances productivity by reducing time spent on routine planning and admin tasks
- Supports differentiated learning through tailored content generation
- Aids learners in understanding complex concepts via alternative explanations
- Encourages critical thinking and digital literacy through supervised student use
- Provides staff with creative support for lesson ideas and marking suggestions
- Contributes to more responsive, inclusive, and personalised learning approaches

Potential risks:

- Inaccurate or biased output leading to misinformation or inappropriate content
- Breach of data protection regulations if personal or sensitive information is entered
- Over-reliance on AI leading to reduced human input in teaching and decision-making
- Ethical concerns around transparency and originality of AI-generated content
- Risk of learners using ChatGPT to complete work dishonestly or bypass skill development

The following points have been acknowledged: (please bold– **YES / NO**)

- **GDPR UK compliance:** Users of Gen AI must uphold their data protection responsibilities in accordance with the General Data Protection Regulation (GDPR UK).

- **Acceptable use agreement:** Users of Gen AI must ensure that its use is consistent with the school's Staff Acceptable Use Agreement and should understand their responsibilities for mitigating associated risks, as outlined here: <https://hwb.gov.wales/support-centre/education-digital-standards/generative-artificial-intelligence-in-education#considerations-for-schools-and-settings-around-generative-ai>
- **Gen AI use case:** Users must establish a clear purpose for deploying and using specific Gen AI tools through effective and ethical use.

Headteacher Approval: (please bold– **YES / NO**)

Date of approval: 23/05/2025

Policies Equality Statement

At Caerleon Comprehensive School, we serve a diverse community and take account of a wide range of needs. In accordance with the Equality Act (2010), our policies and learning and teaching strategies fulfill our duty to serve people according to their needs and promote equality. In order to embed fairness in all aspects of school life, we take account of equality as we formulate, develop and update school policies and plans.

Our vision and values promote inclusivity and equality and tackle discrimination. We have high expectations for all our pupils and staff. Our equality statement is guided by core principles:

- All learners are of equal value;
- We recognise and respect difference;
- We foster positive attitudes and relationships and a shared sense of community and belonging;
- We observe good practice in recruitment, retention and staff development;
- We aim to reduce and challenge barriers to equality at every opportunity.
